Would you rather:

Have Nix hunting you or Malakai hunting you?

Would you rather:

Be able to wield fire or enter dreams?

Would you rather:

Spend one evening at court in Rojas or one evening drinking with Malakai's crew?

Would you rather:

Have Xixi choose your outfit or Nix choose your weapon?

Who fell harder?

Who needs therapy most?

Who would be the worst roommate?

Who are you trusting with your drink at the tavern?
